HAPPENINGS

November 2014

Brrr.. The temps are lowering during the day, the days are seemly becoming shorter, as the sunsets earlier and earlier. The season of Thanksgiving just around the corner. Let us not forget where Thanksgiving arose from. In 1621 the Puritans in the Plymouth Colony gave thanks to its bountiful harvest. George Washington then declared it a national day of thanksgiving and prayer in 1789. Since then traditions, and celebrations have changed.

Alot of Americans associate thanksgiving with early black Friday shopping on Thursday, and of course americas love of football. Although those two things aren't bad, let us not forget to give thanks for all our Blessings in life. I'd like to stop and thank YOU! For without you, we could not learn from your past, and present. You hold knowledge of life in which our staff can adhere to on a daily basis. We learn from you everyday, and for that, we are thankful!
