

Spring is coming and we can soon bid winter farewell!!! It is that time of year for the rebirth of nature. We can watch the grass turn green, baby animals being born and smiles forming everywhere.

Spring is coming...spring is coming...spring is coming!!! Plans are being made to have a wheelchair accessible raised garden installed in our patio area. What fun we will have raising our own produce. Saturday, April 18 from 10-3 will be our first annual Alzheimer's Spring craft show. It will be held at Wea Community Center. Please plan to attend. Share this info with your family and friends to help raise the funds for this great cause.

Volunteers are needed for activities. Please let Jean know if you have some time to lend us.

Does your church group or organization need someone to lead a group activity? Call Jean and she will assist you. Let us bond together and make a difference in the world.

We will be planning some community activities here at our branch for the month of May. Further info will be available soon.
