## Friendly Companies

"I wish I would have known about hospice sooner." That's the most common response from families after their loved one has been admitted to our services and is receiving the many benefits of hospice care. Hospice care can be provided where the patient lives and is focused on quality of life. Hospice is a fully funded medicare/medicaid benefit.

We also accept most private insurance. Included in the hospice benefit is a team of care focused on comfort and symptom management for the patients disease process. Medications, medical equipment and medical supplies related to the hospice diagnosis and deemed medically necessary are included. My name is Brie and I'm happy to answer any questions you might have about the hospice benefit. I can be reached by phone at [563-359-3666](tel:563-359-3666).

## Volunteers

We have a large need for **volunteers and transportation** to and from activities in Clinton, IA.
