HAPPENINGS

March 2016

We are getting closer and closer to kissing this cold weather goodbye!! March means spring is on it's way, and we can soon enjoy warmer and longer days! March is a good time to begin the spring decluttering process in your home. Here are some tips to help you get started.

1. Sort all your 'miscellaneous' items into three boxes: 'To keep', 'To get rid of', and 'Undecided'.
2. Find appropriate spaces for the items you want to keep.
3. Donate unwanted items to charity, sell online, or recycle them. It may help to know that they will get a new lease on life somewhere else.
4. For items you are unsure about, store it away in a box for six months. If you need to break into the box to reclaim an item, it means that you need it -if after six months, you haven't touched any of the items, give them away!

It was one of those March days when the sun shines hot and the wind blows cold: when it is summer in the light, and winter in the shade. ~Charles Dickens, Great Expectations
