

Hey Families!

For Christmas this year I'd like to make a video collage of all our loved ones and BFMS wishing the residents of Bickford of Carmel a large warm Happy Holidays! Unfortunately we don't get to see all of our loved ones for the holidays. I thought a video collage of loved ones far away would be a great way to connect all of us this season. I NEED YOUR HELP. In order to succeed at this i need short videos from YOU, the loved ones giving your loved ones a shout out for the season!

It's simple. Create a short video with you, loved ones far away and or friends from the past wishing your loved one a Merry Christmas. Then email your video to me Precious LEC, at bickfordcarmellec@gmail.com by December 18. Then I will create a video collage and the residents and I will watch it Christmas day. They will see all your videos and bring a little more of home here to them. You can create more than one video. I encourage you to reach out to other loved ones and have them create a video as well. I look forward to seeing all your videos and the smiles it will bring the residents! Merry Christmas and Happy New Year!
