

Nurses Note...

With the cold and flu season upon us we want to keep not only our residents, but you, healthy. Please help us with this! If you are experiencing any of the following symptoms - fever, chills, cough, diaharrea or vomiting...please wait to visit your loved one until you are healthy. Also - when taking a resident out to any physician or health provider appointment please let us know in advance and we will provide you with a current medication list and a communication form for the provider. A knowledgeable nurse is a happy nurse :)

Happy Holidays

Frosty

For the old and the young and for those in between, there's a new year coming, and the old goose is fat. But we had him for Christmas, for the New Year we want ham. Let's celebrate this holiday and give thanks to old Uncle Sam. Count your blessings, and let the Peacekeeper know you're on His side come rain, sleet, or snow.

May the fireworks light the evening sky. May the carolers' voices be heard on high. Make Frosty's dream come true. Our world is a wonder we all made it so. The New Year is here. Let's go, let's go, let's go. By Gene Carson
