

Ask the Nurse...

This event is formatted for you in mind? We all have questions about our health care needs and we don't always have access to a nurse to get those answers! Leave it up to Carma Harris, RN to provide you with those answers. With over 30+yrs of nursing experience, she is available to meet you.

Join Carma for coffee, tea, homemade cinnamon rolls, and more. You have the opportunity to get your questions answered and learn more about upcoming healthcare trends.
