

ASSISTED Living Week

National

Family is not always blood. Family is made up of people who love us and support us. We are family here at Bickford. For Assisted Living Week, we want to celebrate everything that makes us a family! We want to celebrate our BFM's, our therapists, our volunteers and you, the people we serve. September 18 thru 22 we will be dedicating ourselves to what brings us all together. I invite everyone who is a part of what makes The Bickford of Carmel so special.

Stay tuned as more information becomes available to you on how you can participate during this special week.
