April Weather Lore

We all know April showers bring May flowers, but have you heard these April weather sayings?

A sunny April shower won't last half an hour.

If it thunders on April Fools Day, It brings good crops of corn and hay.

A cold May and a windy April make for a full barn.

Full Pink Moon

The full pink moon occurs on April 29. Herb moss pink, or wild ground phlox, is one of the earliest wildflowers to bloom during this time of year. As the name infers, the flowers are pink in color, thus the name for April's full moon. Other names sometimes are used are full sprouting grass moon and egg moon.
