

Lovely ladies in their pretty hats for Mother's Day

We Love Our Courtyard and Gardens

Celebrating Spring!!!

Mother/Daughter Tea & Horse Shoes

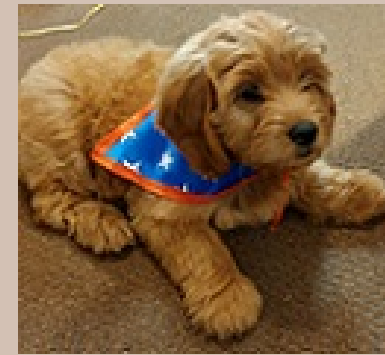

The men had their horse shoe tourney during the tea party. They had lots of treats too!!! Abby and Art were loving the warm weather and goodies!!!

Kay looked regal as always for the Mother/Daughter Tea. There were over 60 guests at our tea party!!!

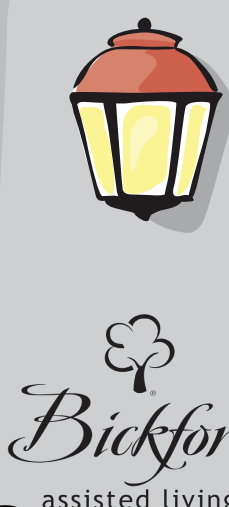

Meet Callie Jo!!!

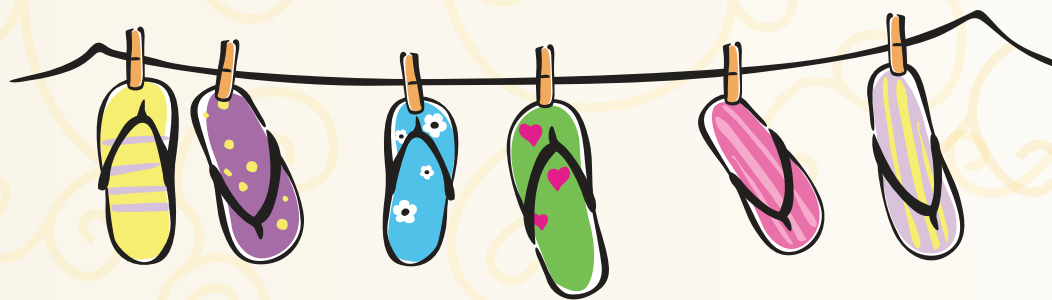

According to www.aginginplace.org, "just 15 min of bonding with an animal sets off a chemical chain reaction in the brain, lowering levels of the fight or flight hormone, cortisol, and increases production of the feel good hormone, serotonin. The result: heart rate, blood pressure, and stress levels immediately drop. Animals can also help with depression." Also, "pets can help pull withdrawn seniors out of their shell...and help with Alzheimer's Sundowners Syndrome (a time when the sun is setting and confusion is more likely to occur)". So we welcome our sweet Callie. Come on in and say hi. It is almost certain she will give you kisses back!

We are delighted to introduce our new addition to the family...Callie Jo. She is our Bickford Buddy. Callie is a miniature golden doodle and is an energetic and curious little puppy. She already has her favorite toys, but being outside in the courtyard and playing in the mud...now that is great fun and seems to be her favorite pastime. But even with dirty little paws, you can't help but love her. Callie is an important member of our family. Her role in the lives of our residents is more than just being cute.
