AMERICA THE BEAUTIFUL!

Independence Day is a patriotic holiday to celebrate the positive aspects of the United States. It is a time to express and give thanks for the freedom and liberties fought by the first generation of many Americans, and those who have served and are serving today. Describing the beautiful wonders of America, the song America the beautiful was written in 1893, by Katherine Lee Bates, an English professor. Shortly before writing this song, Miss Bates had made a trip to the West and, from the summit of Pike's Peak, had observed "spacious skies".

The poem "America the Beautiful" was first published on July 4, 1895 in a church publication. It is also called "O Beautiful for Spacious Skies" and is one of our most popular and patriotic songs.

O beautiful for spacious skies, for amber waves of grain, for purple mountains majesties above the fruited plain! America! America! God shed His grace on thee, and crown thy good with brotherhood from sea to shining sea!

May everyone have a safe and wonderful time on July 4th celebrating America the Beautiful!
