Our newsletters and activity calendars have changed and have a new look to them. Our activity calendar is now a weekly one instead of it being a monthly one. The activity calendars are individualized to the resident's interest and abilities. There are only times on the activity calendars for when someone is scheduled to come in such as church service on Sunday at 1 or Bible Study at 10:30 on Mondays. Make sure to check out the activity calendars that are on the bulletin board across from the nurses' station. You will find a calendar with the resident's name on it that is just for your loved one!
