

# American RedCross

## Blood Drive

Hey Everyone!

We would like to sponsor a blood drive here at Bickford Senior Living.

We would like to run a quick survey to see how many people would be interested in attending so we can report those numbers to the American Redcross.

There is a survey sheet at the entrance of Bickford Senior Living. If you would please fill out your name on a line so we can get an idea of who would be interested so we can lock in a date we would appreciate it so much.

With all the natural disasters, and wild fires on top of daily needs for blood, we want to do our part to make sure we can help everyone in our community and far away.

Thank you in advance for being a part of our blood drive!

independent &  
assisted living
