

Chesterfield HAPPENINGS

MARCH

Greetings from Mary B's!

Welcome to our new friend & resident, Joe G!

Spring is soon upon us and with the arrival of warmer weather comes the return of our Garden Club! We will be planting lettuces and early Spring flowers! Gardening offers so many physical and cognitive benefits...and its just fun to get a little dirt on our hands, too!

We have a number of fun themed days/holidays this month! We would love for you to join us for any or all of them! Volunteers are always welcome so please contact Heather if you would like to spend some time assisting with a craft, cooking club, etc!
