

Power of Music on The Brain

"Power of Music On The Brain"

Toward end of life when your loved ones mind and memories are fading away...what soundtrack helps bring them back?

If mom and dad were creating a soundtrack of their life filled with music of their childhood, back beats of their teens, music that brings tears of joy, what would that be?

Join Us March 28th at 10:00am (seated or standing) as we exercise and dance to beats of our loved ones lifesongs (Free Event)

****For Individuals with Memory Loss**

****For the children who have now become caregivers**

****For family members looking to create a meaningful moment with their loved one**

Submit Their "Life"song request to simone.pena@enrichinghappiness.com
to add their song to that days playlist

Tell us we'll see you there
