Easter Celebrations

Golden Girls Make Over

Happy May!

April showers.....
Brings May flowers...
April snow...
What do you know!
It is always a guessing game here in Illinois. I predict May is going to be kind to all of us and bring on the sunshine we all need and desire!

Looking forward to our flower and garden shopping outing coming up this month. As we all work together to create some beautiful courtyards and gardens full of herbs and veggies for our kitchen to prepare for us.

Our Garden Club will be busy planting and keeping up the care that our gardens will need to thrive.

May is also a time we love to celebrate "mom" all month. As you can see on the activity calendar we have many events and activities to show how special our moms are here. Please stop in and join us if you can.

The Butterfly Exhibit and Luncheon outing is this month also. This will be the 5th year we will attend as we enjoyed it so much. What a wonderful experience. Please be sure to check out all the event and activities we will be doing this month as we would love for you to join us. Happy Mother's Day!
Rhonda
