JANUARY

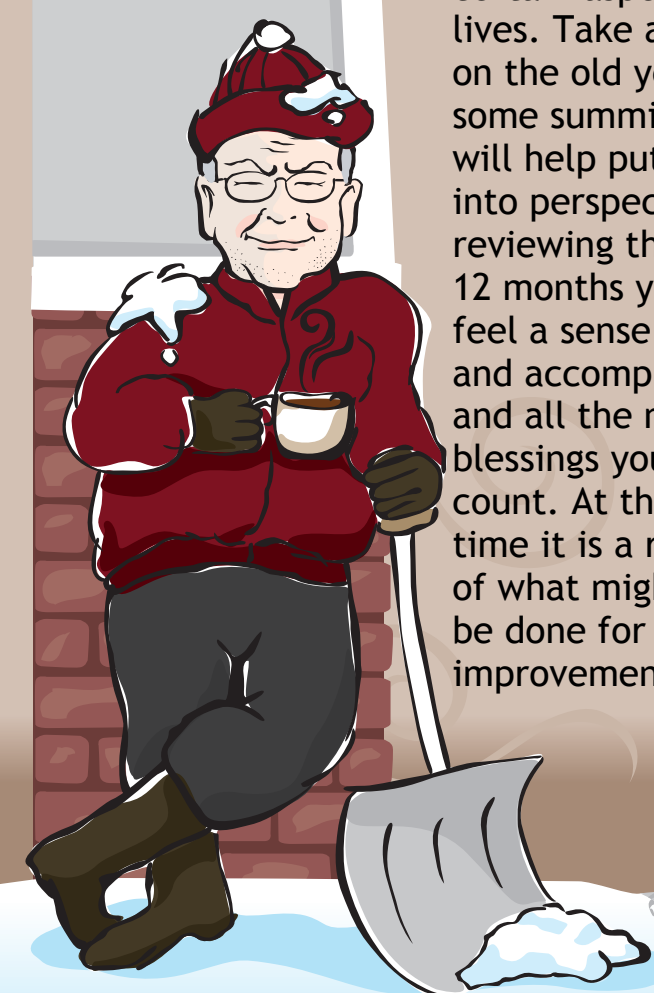

Here's To A New Year Of Happiness

A NEW AND MEMORABLE YEAR

The first day of January is seen as a time for beginning anew, not only a new calendar year but also certain aspects of our lives. Take a look back on the old year to do some summing up, this will help put things into perspective. By reviewing the previous 12 months you should feel a sense of pride and accomplishment and all the many blessings you have to count. At the same time it is a reminder of what might need to be done for improvement.

Here are some suggested ways to accomplish goals for the New Year:

- Begin and end each day with a prayer.
- Sing more, smile more and laugh more.
- Listen to other points of view.
- Believe in yourself.
- Think positive-don't let negative things build up.
- Take time to smell the roses.
- Experience something new.
- Think kind thoughts.
- Do something for your community.
