

# Gardening

## Gardening Club a Success!

We had 11 people at the first garden club meeting! Remember you don't have to get down and dirty to join.

We have decided where and what to plant. Now, we need your help to prep the beds, make sure the right plants get placed evenly in the ground, and a handful of containers need filled with plantings.

On May 2nd at 9AM the Peoria Christian Middle Schoolers will be here to clean up and start our container plantings on the decks. Feel free to watch or join in the fun!

**Next Garden Club Meeting:**  
**10AM Saturday, May 3rd**  
House Garden Level Patio Area

Everyone who joins receives  
a new pair of gardening gloves!
