

FATHER'S DAY GIFT IDEA:

If you are anything like us, we struggle to find a special and memorable gift for dad on Father's Day! So, here is a neat idea to try. A child's (or grandchild's) handprint is special at any age. Boy or girl there are so many ways to place a permanent handprint on items like; baseball (softball), flower pot, coffee mug, clay or cement, construction paper or drink coasters. There are many do-it-yourself websites that can guide you in this project. A handprint gift is something dad will cherish forever. We want to wish our dad's (and adopted dad's) a very special Father's Day!

SUNSHINE OF HAPPINESS

COVID-19 TRANSPARENCY

Bickford has opted to post, on our website, all confirmed positive resident cases of COVID-19. Some states have chosen to include other information beyond positive cases. They are including residents with symptoms that could be associated with COVID-19 such as a cough or any temperature recorded above 99°. These symptoms may also be associated with

common cold, bronchitis, asthma, and seasonal allergies. We understand this creates even more confusion in these uncertain times and that is why Bickford has chosen to lead with transparency and will continue to do so. We will only report positive cases. For more information on understanding Bickford's protocol, go to, www.bickford.com/seniorliving/grandisland
