Happy Birthday to you all!

History of Father's Day

Father's Day officially began in 1910 in Spokane, Washington where a 27 year-old Sonora Dodd proposed it as a way to honor the man who raised her when here mom died in childbirth.

Dodd was at a church service thinking about how grateful she was for her father when she had the idea for a Father's Day, which would mirror Mother's Day but be celebrated in June---her dad's [birthday month](#).

The movement grew for years but didn't gain national-event status until 1924 under former President Calvin Coolidge. Now it is celebrated every third Sunday in the month of June.

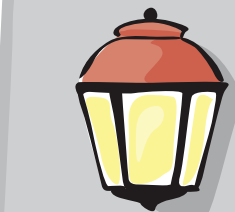

We are thankful for all the wonderful fathers that have touched our lives!

Flag Day June 14th

During the American Revolutionary War, the Congress decided that the country needed a flag to represent the united colonies. On June 14th, 1777 the Second Continental Congress passed a Flag Resolution. This day is still celebrated as Flag Day in the [United States](#). The resolution said that the United States flag would have 13 red and white alternation stripes and that there would be a blue area with 13 white stars. They didn't give an exact description of the flag and there were several different versions.

Did Betsy Ross sew the first flag? Legend has it that seamstress Betsy Ross sewed the first [American flag](#) from a sketch that George Washington gave her. No one is sure if this story is fact or just a myth, but it makes for a good story. The official flag is to be 1.9 times as long as it's width. It has thirteen red and white alternating stripes with a red stripe on the top and the bottom. The blue part in the upper left is called the Union. The Union is to be 7 stripes tall. There are 50 white stars and the Union representing the 50 states. They are in 11 staggered horizontal rows of 5 and 6 stars.
