THANKFUL & BLESSED

GRATITUDE

Gratitude turns what we have into enough and more.

It turns denial into acceptance, chaos into order, confusion into clarity.

It can turn a meal into a feast, a home into a home, a stranger into a friend.

It turns problems into gifts, failures into successes, the unexpected into perfect timing and mistakes into important events.

It can turn existence into a real life, and disconnected situations into important and beneficial lessons. Gratitude makes sense of our past, brings peace to today and creates a vision for tomorrow.
