Middletown HAPPENINGS

DECEMBER

Christmas Colors

I see the city at its most dazzling
When the lights are on that are eye-popping.
Christmas Colors come into view
Like red, green, yellow and blue.
Red means love shared with everyone
Bitter discords are finally gone.
Painting the town red at its full swing
What a wonderful joy this season brings.

Yellow works best when paired to other colors. Yellow brings warmth in people's embraces. Sparkling gold can be seen everywhere in tinsels, candles, and Christmas stars that glare. Some feels blue when they miss someone. Some dream for a white Christmas as stated in the song. Green is the color of nature and fertility. Embedded in the mistletoes and Christmas trees. Whatever the meaning these colors may tell. We still look back to the First Noel Birth of our Savior King.
