

HAPPENINGS.

MAY NOTHING BUT HAPPINESS COME THROUGH YOUR DOOR

THINK GREEN

March is notorious for its stormy history. From cold, blustery winds to warm, gentle breezes, the third month of the year has its yo yo days. An old weather proverb says, "March comes in like a lion and goes out like a lamb." The bareness of winter is slowly replaced with a touch of green in March. Soon we will celebrate the arrival of St. Patrick's Day and a new season! Nature comes to life in vibrant shades of green during the springtime. No wonder the color green means growth, renewal and rebirth.
