

# HAPPENINGS

WHATEVER IT TAKES TO MAKE OUR RESIDENTS SMILE

APRIL IS NATIONAL SMILE MONTH

"A smile is the light in the window of your face that tells people you're at home."  
The importance of a smile cannot be underestimated. Smiles denote pleasure, sociability, happiness, or amusement. Smiles are incredibly contagious - when you smile, the other person usually smiles back. Whensomeone smiles at us and we smile back, brain chemistry changes and powerful emotions are triggered. As a result, we feel more optimistic, happy and motivated. Smile at life, even when life has not smiled at you.
