INDEPENDENCE DAY

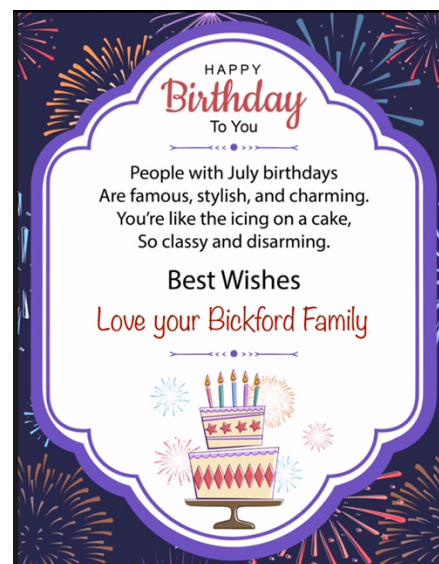

Independence Day is a special day in the United States. On July 4, we celebrate the signing of the Declaration of Independence by the Continental Congress in 1776. Independence Day, is celebrated in similar ways all over the United States.

The Fourth of July is a great day to spend time with family carrying on traditions from generations past. Let us never forget it's reason, this is one of the most important days in the summer season, the day our nation became free and the date of our country's birth.
