NATIONAL BREAST CANCER AWARENESS MONTH

October is breast cancer awareness month, an annual campaign to increase awareness of the disease. 1 in 8 women will be diagnosed with breast cancer in their lifetime. When breast cancer is detected early in the localized stage the 5 year survive rate is 98%. In recognition of breast cancer awareness month, Bickford Senior Living honors their beloved mother and Nanny, Mary Bickford. We honor those fighting the battle. We remember those we lost. We celebrate those who have survived.
