

July 2014

Summer's All A-Buzz

We will be as busy as bees this month as we relish the warm days of summer. As you may have guessed from the previous sentence, many of our corporate times will focus around bees and insects. By the end of the month we should be fairly knowledgeable on bees, honey, and insects in general.

We will have some special guests. Julie Sweat, a bee keeper, will share her story with us and Bill Schendel will talk about Iowa bugs and how to deal with them.

Our feature film nights will showcase films involving insects (*Antz*, *A Bug's Life*, *The Bee Movie*), and some of our documentary showings will also be on topic.

A Bug's Life, *Antz*, and *The Bee Movie* would be good times to have any grand or great grandchildren join us! Popcorn and lemonade will be available during those showings!

We will even sample honey made from various kinds of nectar to compare their taste! Come join us and learn something new!

Introducing Myra

This past month we have been getting to know Myra Waltersdorf, our new Registered Nurse Coordinator.

Myra has 20 years experience in long term care facilities and will be a great addition to our family here at Bickford. We hope you have had a chance to meet her, if not at the open house, at some other time during the past month.

Myra lives in Grundy Center where she is a wife, mother (to 8) and soon to be grandma! She enjoys reading and camping.

She (and her family) have kept busy over the past few years by remodeling their home. Although there is still some work to be done, the end is in sight. (If you read the book, *Completely Restored*, with us last month, you would caution her to not restore the front door!)

(Picture above is from our fishing emphasis day.)

(Picture to the right is from our LuAu Party.)

A note from Myra: Remember to wear sunscreen this summer!
