HAPPY JULY BIRTHDAYS

Let's Celebrate Independence Day

Every country in the world has a July 4 on their calendar, but only the United States of America has the Fourth of July! It's the most popular and most widely celebrated of all the secular holidays. It's the date written on the Declaration of Independence, when Americans proclaimed their freedom from Great Britain. It's a patriotic, flag-flying, parade-watching, hot dog - eating, firecracker- exploding holiday that brings, families, neighborhoods, cities- the whole country- together to celebrate freedom and summertime.
