JOYFUL MOMENTS

Joyful Moments are to be treasured. They might be moments that are instantaneous and unexpected. They might be moments of celebration or success after a long period of hard work. Joyful moments can be ecstatic, or they can be quiet times of inner satisfaction. Joyful Moments is the theme for this year's National Assisted Living Week. We will be encouraging everyone to see moments of joy as times of special significance which are to be treasured, remembered, and repeated.
