Friendship Company: Musser Public Library!

Jenny Howell has worked over 15 years at the library and over 8 years as the Home Delivery Coordinator. When someone joins the program, I interview them and I really listen and try to match items to their tastes. Some days, I can go into the stacks and the books tell me - 'I'd be good for so-and-so.' Other days, I'll go into the stacks and there's nothing; kind of like the 'book whisperer.' I deliver books and other materials to patrons' homes if they are unable to get into the library.

Deliveries are made on the last Monday of every month. With the winter coming up, people who can't easily get out, can use Home Delivery for just the winter months.

The primary way people seem to hear about the home delivery program is through word of mouth. Sometimes I feel as if I am one of the best kept secrets the library has to offer.

If you or someone you know is interested in the home delivery program, all you need to do is give me a call. The main piece of information I need to know is what you like to read, any favorite authors and if you need regular or large print or recorded books. Call me at 263-3065 ext. 114.

Jenny is here, at Bickford, the 1st Monday of every month at 10am for Trivia and a little treat!
