

Bickford - Blondo is excited to announce that Dr. Rebecca Wester is now available to our residents as their primary physician. She is available to those who do not have a primary doctor, or are searching for an Omaha physician. Dr. Wester is board certified in Family Medicine, Geriatrics, and Hospice/Palliative Medicine. Dr. Wester's vision of a Housecall Mission allows patients to see a physician where they live. The hope is that her philosophy will limit hospitalizations, promote independence, and make patients more comfortable as they age in place.

PLEASE JOIN US FOR  
APPETIZERS & A MEET  
AND GREET!
